In relation to the control of the crowd, you have several attacks and stunning skills, to temporarily take or interrupt one or more enemies. Using wind gust on the enemy will update the improved cutting embers, a more powerful point. The many more different Lore-Master estimation animals help by disarmament, tanking and helping allies. At the trait trees there are three characteristic trees to choose: animal guard (blue): Animal companions guarantee the survival of their guard, using BÅnus and interaction of estiman animals To help both prosper in the battle master of the fury of nature (red): a construct focused on dealing with significant damage of explosion at the distance. You will normally be traced on the yellow line (the old master) for this, since it provides more debffs and a little more healing. Finally, keep an eye on your teammates while fulfilling your other tasks: Consider the installation of a plugin like buffers or debuffvitalis, both are soils that accompany your fans, disarms, allothes and their dura Q. Brink's back provides the Lore master with a revive combat. During combat, your estimation animals have the chance to flank the enemy. Therefore, I will discuss two different examples of rotations that you could use in both situations. From Level 20, you can carry a Lore book on your class slot and a brooch on your item slot. Å, sticky gourd: AOE skill that defines the flame floor, causing high injury damage over time. In groups, Lore-Masters allies mainly help by using skills that prevent one or more capacity of enemies to move and damage. Finally, a master-master traced in the fury tree of nature (red) provides very strong damage, especially damage to the AOE, and can fulfill a role of damage / dps in groups. Lore-Master also has a wide variety of ways to desire enemies, even in large numbers. This guide is not intended to be strictly followed, since a Lore Master has many different skills that are more soils in specific situations than in other others Power Signal: Justice is not very helpful if you are not fighting against normal µ, but not when fighting against bosses who use stunning). Available for Ras: Elf, Tall Elf, Introducing Man The main role of a Master Lore will support his allies and weaken his enemies to gain advantage on the battlefield: He is the indiscut master of the control of µ, with abilities to stun, stun and root advisors. The skills interact to maximize the damage to one or several targets The Ancient Master (yellow): A build with a wide range of multiplayer control µ, debuffs and power restoration skills to support group play. Lore-master: Skills - Lore-masters Traits are knowledge seekers and sentries of wisdom. Bane Flame: a shorter 15s stun that affects up to 5 enemies. For more survivability, you are not looking for: For further damage, you are not looking for: Thin Gift Rating (increases your Thin Damage) Finesse CRION Rating can be helpful in higher levels as mobs get more Resist and rank µs B/P/E, to ensure that their harmful debuffs and abilities are achieved. Note that some debugging skills aggravate the enemy when applied and others do not. Fans: a single target of frost damage with a long indentation. light: a quick stun with a shorter duration, which deals well with the damage. Before combat, you cannot configure the following (de)buffs and buffs: During combat, try to keep the following (de)buffs: To apply all (de)buffs of esteemed animals, you don't need to fire your pet and call a new one. Finally, the bear can be used as a tank, since it has a roaring challenge and has the highest flank rate, providing you with more Wizard's Fire cures. information about plugins can be found at . Try to keep this on top of an enemy as often as possible! Other damaging abilities include: Å Lightning Attack: has the chance to take out all burn stacks or ember stacks, dealing high damage from a single target. Å Ring Fire: AEE Ability that deals with high damage from incÃndio and imprisonment enemy parry/figade/block ratings. See also ©m the call to Valar instantly rebukes the cooldown of some of your skills and makes you immune to the retreat of injury and µ interruption. For a complete list of skills, see Lore Master Skills. Gameplay First of all, esteem animals are very important allies of a master of Lore. It can also provide its allies with large amounts of energy replenishment and provide excellent healing support along with some moderate healing. The skills you will not use will depend on your current role in communion: CC and debuff or damage. More information µ these abilities can be found in animals of esteem. Choosing a vocation when considering which preparation vocation to train, some professions are µ more interesting than others: If you don't want to be self-sufficient and often play solo, choose for example woodcutter, tinker or explorer as you are. Staff Strike, a single molea target skill, deals damage from naked when used on a flanked target. : a short, multi-target stun. Lore-Masters will need to improve their knowledge more than ever, with the dark return of the enemy. They engage enemies and ensure that their master will not need to insert combat ³ and can focus on debuffing, aOE and/or dps. I'm going to war: skill The One who stuns all affected enemies (up to© 5) and deals high damage from injury, but has a long indu- tion. Storm: It may fall burning coals also ©m, but it deals more damage than strike lightning and for various enemies. Thanks to the 4S grace period, you can also use this as an offensive skill. Normally you would not eat with tar and sticky blend of the crow (for minors mitigating fire µ), embers and sticky goat. Cracked Earth: AEE Ability with reasonable damage, you are enemies in place for 30 years ³ a 3S delay.
